

## SNOW REMOVAL

The City Ordinance allows for a snow emergency when snow has accumulated to a depth of **one-half inch** or more. The Public Works Department has a designated route for snow plowing and will clear the streets from curb to curb. There shall be no parking in the downtown area when NO PARKING signs are posted. Vehicle owners will be issued citations and tows will be ordered to remove vehicles from the city streets that are in violation.

See full regulations in [Section 501.09, City Code](#).
