 - 6.1. Commissioner Comments.
 - 6.2. Next Regular Meeting, 5:00 P.M. October 17, 2016.
7. Adjourn.

There may be a quorum of the Belle Plaine City Council present at the meeting.

**BELLE PLAINE PARK BOARD
REGULAR MEETING
AUGUST 15, 2016**

1. CALL TO ORDER. 1.1. Roll Call.

The Belle Plaine Park Board met in Regular Session on Monday, August 15, 2016 at City Hall, 218 North Meridian Street, Belle Plaine, Minnesota. Chair Chris Kehr called the meeting to order a 5:00 p.m. with Commissioners Rachel Kelm, Liann Hanson, Kathy Joerg and Ben Stier present. Also present were Administrative Assistant Pat Krings and Council liaison Cary Coop. Council Liaison Mike Pingalore was not present. Alternate Nick Jensen was not present.

2. APPROVAL OF AGENDA.

MOTION by Coop, second by Hanson, to approve the agenda as presented. ALL VOTED AYE. MOTION CARRIED.

3. APPROVAL OF MINUTES. 3.1. Regular Session Minutes of July 18, 2016.

MOTION by Coop, second by Kehr, to approve the Regular Session Minutes of July 18, 2016. ALL VOTED AYE. MOTION CARRIED.

4. TREASURERS REPORT.

4.1. 2016 Park Fund Budget Update.

The Commissioners reviewed the status of the Park Fund Budget and inquired about details of the Bolton and Menk invoice and also the Chard Tiling invoice. Staff will provide an update at the next meeting.

5. BUSINESS.

5.1. Pickle Ball Courts.

Krings reported that at the last Park Board meeting, the Commissioners toured the old tennis courts. Commissioner Kathy Joerg and Ben Stier brought up the concept of creating Pickle Ball courts at the old tennis court. Stier submitted photos and schematic of a Pickle Ball court.

The Commissioners viewed the photos. It was noted the tennis courts are located on school property. There has been discussion of a land swap between the City and School District for parcels located within this block. Stier explained that Pickle Ball is a fast growing sport. An elderly couple approached Stier to ask about the likelihood of having a Pickle Ball court in Belle Plaine. Stier said the City of Chanhassen converted tennis courts to Pickle Ball courts due to demand. Coop explained that if the School District and City swap land, then that will determine the future site of the pool expansion. He also recommended that the tennis courts remain marked for tennis, with an overlay of Pickle Ball so that the courts are multi-use.

This issue will remain as is until further action between the City and School District is taken on the land swap.

5.2. Court Square Park Sign.

A number of years ago, during the reconstruction of the TH 25/Walnut Street retaining wall, the Court Square park sign was demolished. Council Liaison Cary Coop brought this issue to our attention. There may be other parks that are without signs and Staff would have to research as to what parks/green space are in need of signage.

Coop recommended a possible design change for park signs. He suggested more glitz to the sign. Staff will obtain quotes for various types of park signs and bring back for discussion at the next Park Board meeting.

5.3. Discussion on Utilization of Land Adjacent to Community Library.

Krings explained that at the last Park Board meeting, the Commissioners met with the Belle Plaine Librarian at the vacant land adjacent to the Community Library. A few suggestions were made, such as a small concrete pathway, seating area for children, painted game table top embedded into the ground and splash pad. At that meeting, it was the consensus for each Commissioner to present a concept for the vacant land.

Coop reported that it is likely the library expansion project will occur in approximately four years, so the plans should not include anything of significant expense. He did suggest a paver chess board, about 8'x8', a cul-de-sac with benches and a fence to the south, along the alley to prevent through traffic. Hanson suggested it be promoted as a "hot spot" for wireless/WiFi users.

MOTION by Coop, second by Joerg, to direct Staff to proceed with moving forward on a project for the land adjacent to the library that includes paver bricks, park benches, and wireless communications to create this area as a "hot spot" for electronic use. ALL VOTED AYE. MOTION CARRIED.

5.4. Ten Things to Do While You're In Belle Plaine.

Krings explained that Belle Plaine residents recently were mailed a promotional brochure by local realtors Mark and Tammy Kottke, 113 East Main Street. The brochure included a list of things to do "While You're in Belle Plaine." The items listed were park related. The Commissioners were asked to review this list from a visitor's standpoint. A goal of the Park Board is to ensure that each of these sites is presentable and worth a visit.

Coop commented that the Wagner Yellow Barn/Candy Store along TH169 just north of Belle Plaine brings visitors to Belle Plaine. He explained that there is a website that promotes sites and the Historical House and Emma Krumbes apple orchard and scarecrow festival are included in the promotion. A "thank you" letter to Kottke for the promotion of City parks and recreational sites was signed by the Commissioners. There were no further comments about the sites listed on the brochure.

6. ADMINISTRATIVE REPORTS.

6.1. Commissioner Comments.

Chair Kehr acknowledged visitor Jeremiah Kornder. He inquired about the goals of the Park Board and particularly the advancement of hockey. He will be in contact with individual Park Board Commissioners and City Staff. This issue may be on next month's agenda.

Joerg commented on the Open Mike program that is now being held at the Community Library.

6.2. Next Regular Meeting, 5:00 P.M. September 19, 2016.

The Commissioners were reminded of the next meeting as listed.

7. Adjourn.

MOTION by Hanson, second by Kehr, to adjourn at 6:05 p.m. ALL VOTED AYE. MOTION CARRIED.

Respectfully submitted,

Patricia Krings
Recording Secretary

**205 Park Fund Summary
Updated through 09-09-2016**

Actual Account Balance Unaccounted For \$63,294.93

MEMORANDUM

DATE: September 19, 2016
TO: Belle Plaine Park Board
FROM: Patricia Krings, Administrative Assistant
RE: Agenda Item: Park Fund – Follow Up

BACKGROUND

At the August 15th Park Board meeting, the Commissioners requested details about two specific expenses.

- Bolton & Menk - \$95.00 for Hockey Rink
- Chard Tiling - \$6,081.25 Fountain Park Improvements

The Bolton & Menk invoice of \$95 was for the preparation of cost estimates for a new hockey rink at Hickory Park. The cost estimate was needed in the research of a grant application by City Staff.

The Chard Tiling invoice of \$6,081.25 is a result of an equal cost share of the retaining wall for erosion control measures at Fountain Park. The minutes of the meeting and original invoice are attached.

5.4. Fountain Park Update.

City Administrator Kreft reported that as part of the 2015 Street Project, Public Works Superintendent Fahey recommended the City consider improving the area behind home plate at Fountain Park. Due to slopes and drainage from adjacent streets, the area is subject to frequent wash outs which make it difficult to use for spectator sitting. There is not sufficient area to allow for benches. The Park Board discussed this at their March 16th meeting. Below are the minutes from that discussion:

Community Development Director Alger explained the erosion problem at Fountain Park. As part of the 2015 street project, it is recommended that a two-tier concrete retaining wall be installed behind home plate. Staff will be seeking quotes and funding for the project will be determined at a future meeting. The Commissioners were in support of adding the concrete retaining wall for erosion control measures at Fountain Park.

Staff has received quotes, and the low quote is from Chard Tiling and Excavating at an amount of \$9,500. Staff recommends since this is both a new amenity to the park as well as maintenance that it be split between the Park Fund and park maintenance. Funds are available in both budgets for this improvement. The sidewalk on the east side of the park has been installed as part of the 2015 Street Project.

MOTION by Coop, second by Hanson, to recommend the City Council proceed with the installation of a concrete retaining wall at Fountain Park, with an equal cost share between Park Fund 205 and the park maintenance budget line item. ALL VOTED AYE. MOTION CARRIED.

SUBJECT: Preliminary Plat – Buesgens Commercial Center

Les and Janis Buesgens have filed a preliminary plat for Buesgens Commercial Center with the City. The plat consists of 40 acres and is traversed by Enterprise Drive and Hickory Boulevard. The proposed plat results in four commercial lots ranging from approximately six acres to 11 acres. The Park Board is tasked with recommending locations, if any, of future trails and/or sidewalks.

The preliminary plat was drafted pursuant to a corridor readiness grant received from Scott County. The purpose of the plat is to create “shovel-ready” commercial lots. Parcels must be platted to be considered shovel ready. The City Engineer’s office has drafted the plat, the extension of Enterprise Drive to the east of Hickory will occur as development is proposed.

SUBDIVISION STANDARD REVIEW

Section 1205.66 Park/Public Land Dedication

The Subdivision Code requires park land or a fee in lieu of park land dedication for commercial subdivisions. If park land dedication is contemplated, ten percent (10%) of the gross buildable area platted must be set aside for “*park land, playgrounds, trails, recreational areas, or public open space*”. ‘Gross buildable area’ is not defined within the Code, however, presumably the calculation for gross buildable acreage only discounts environmental limitations such as wetlands, steep slopes, ravines, etc. As such land dedication is anticipated to be approximately four acres.

Alternately, the Applicant may provide a fee in lieu of parkland dedication. The fee is based on the gross buildable acreage calculation at a rate of \$2,935/acre for a total of \$86,318.35.

The City has the right to decide whether a land dedication or fee in lieu of land dedication or some combination of the two is required.

The Park Board is to make a recommendation to the City Council regarding a required park land or fee in lieu of park land payment.

Section 1205.07 Easements, Subd. 2. Public Trails/Walkways

This section of the subdivision code requires the Subdivider provide a dedicated easement for connections to public trails (in addition to other open space) if such connections are illustrated in the Comprehensive Plan. At this time a trail exists north of Main Street/6-64, on the south side of Enterprise Drive, and on the east side of Hickory Boulevard. The Comprehensive Plan future trail map doesn’t illustrate extension of a trail adjacent to 6/64. If the Park Board decides a trail should be extended adjacent to 6/64 and the trail extension should move to the south side of the 6/64 right of way, a recommendation to provide/install said trail is in order. The cost of the dedication and improvement could be deducted from the volume of park land dedication required or the fee requirement.

Section 1205.08 Other, Subd. 2. Sidewalks/Pedestrian Ways.

This section authorizes the Council to require dedication of easements for and construction of sidewalks in certain circumstances. Specifically, if a plat abuts or includes an arterial street, sidewalks are required to be

provided on both sides the street. Where a plat abuts or includes a collector street the Council may require sidewalk be placed on one side of the street. Sidewalk easements must be a minimum of five feet in width and be accessible.

The Comprehensive Plan includes a map of existing functional roadway classifications. That map classifies existing Main Street/6-64 as a "Minor Collector". Hickory and Enterprise are local streets under the existing functional transportation classification map.

The Comprehensive Plan also includes a map of future functional roadway classifications. That map classifies Main Street/6-64 as a "Minor Arterial", Hickory Boulevard as a "Major Collector", and Enterprise Drive as a "Minor Collector".

The Comprehensive Plan does not specify the point at which the existing functional roadway classifications cease and the future functional roadway classifications take effect.

Discussion regarding the location of sidewalk and/or trail adjacent to Enterprise east of Hickory and on the north side of Enterprise (Block 1) is kindly requested.

REQUEST

1. Discussion of park land vs. fee in lieu of parkland dedication.
2. Discussion regarding extension of trail adjacent to Main Street/6-64 (south side).
3. Discussion regarding the location of sidewalks adjacent to Enterprise east of Hickory and Enterprise (north side) west of Hickory.

ATTACHMENT

Please find attached:

MEMORANDUM

DATE: September 19, 2016
TO: Belle Plaine Park Board
FROM: Patricia Krings, Administrative Assistant
RE: Agenda Item: Trail Extension Along Meridian Street Between Enterprise Drive and Orchard Street; and a Portion Along Orchard Street.

The 200 block of Meridian Street South

BACKGROUND

Now that Enterprise Drive overpass is open, Council Liaison Coop recommended the Park Board discuss a trail extension along Meridian Street between Enterprise Drive and Orchard Street, and also along a portion of Orchard Street.

Additionally, there is a segment on the 200 block of South Meridian Street that remains unimproved.

Attached are photos for your review.

MEMORANDUM

DATE: September 19, 2016
TO: Belle Plaine Park Board
FROM: Patricia Krings, Administrative Assistant
RE: Agenda Item: Land Adjacent to Library

BACKGROUND

At the August 15th Park Board meeting, the Commissioners directed Staff to proceed with moving forward with utilizing the land adjacent to the community library. The concept included a brick-paved walkway leading to the center with an in-ground game table design, plus the installation of park benches. A "hot spot" for wireless communication was also recommended. The concept will be presented to the Public Works Committee for their recommendation.

Due to a delay in scheduling of the Public Works Committee monthly meeting, no recommendation has been received. This issue will be placed on the October Park Board agenda.

MEMORANDUM

DATE: September 19, 2016
TO: Belle Plaine Park Board
FROM: Patricia Krings, Administrative Assistant
RE: Agenda Item: Park Signs

BACKGROUND

Staff sent out request for quotes for park signs to three sign vendors: two local sign companies and Ken Forner Signs of Chaska. Staff has received only one quote from Forner Signs, which is the company that has manufactured the current park signs. See attached.

Also attached is an option for signage from Kirby Built. The City has purchased memorial benches through this company and the benches appear to be holding up well. However, the City has does not have any experience with Kirby Built signs.

There is a need for a sign at Court Square and a small scale sign at Creekside Park.

ACTION

Discussion and recommendation.
